## About

After working closely with developers earlier in my career, it occurred to me that I was ready for a career change. I spent the past two years self-teaching and then enrolled in the Flatiron School's Full Stack Developer program. I am eagerly working daily towards mastering Node, React, and JavaScript, while improving upon my front-end and Ruby skills. I also like to use jQuery, Git, Docker, and SASS.

## Profiles

### LinkedIn

driley3 (<https://www.linkedin.com/in/driley3>)

## Work

### UltraShipTMS

2015-03-20 — 2015-12-20

### Logistics Technology

<http://www.ultrashiptms.com/> (<http://www.ultrashiptms.com/>)

## Analyst

Managed the YMS web application, including onboarding, change requests, roadmaps, and hardware.

## Highlights

- Managed the transition to an AWS implementation for image storage.
- QA testing for all bug fixes and improvements

## Cornerstone Systems

2012-07-01 – 2015-03-18

**Pricing** <http://www.cornerstone-systems.com/> (<http://www.cornerstone-systems.com/>)
